### The practical last-minute gift for skiers – and not only for Christmas Rameder's high-quality ski racks online a real bargain

Haven't found the right Christmas or birthday gift for the skiers in your family yet? Or looking for a practical gadget for yourself? Then visit [www.rameder.eu](http://www.rameder.eu). **Rameder**, Europe's leading provider of transport accessories, will certainly have the right ski rack for your next winter holiday.

The "Shuttle", for example. Fix it, put two pairs of skis in it and go! The strong magnetic racks make a complicated assembly, at frosty temperatures and with numb fingers perhaps, totally unnecessary. No tools are required. So it will go down particularly well with skiers going on a spur-of-the-moment trip. The magnets are plastic-coated and ensure a firm grip without damaging the paint. Spontaneous buyers can now buy the magnetic "Shuttle" rack for EUR 61.99 instead of 71. 12% less!!!

Another perfect solution for a skiing trip is the "Viking" roof rack, also with magnets. It will accommodate two pair of skis plus sticks. In **Rameder's** online shop, this system is available for EUR 69.99. Needless to say that both "Shuttle" and "Viking" feature anti-theft locks.
